

BOND REQUIREMENTS

The City of Centennial requires ALL contractors who will be working in the City Right-of-Way to be bonded. This non-cancelable permit bond is to ensure that work done within the City will comply with City standards.

If a contractor has been issued permits by the City of Centennial's Licensing Department, but does not comply with these standards, the City has recourse, under the bond, to be compensated for making any necessary repairs.

Permits will not be issued until a current bond (or continuation certificate) has been submitted to the Licensing Department:
