

City of Centennial Block Party and Special Event Permit Typical Traffic Control Setup - 1

Place the Type III Barricade at the end of the event area as specified in the permit request. Road widths greater than 30 feet shall be supplemented with Type II Barricades on either side of the Type III Barricade to prevent vehicles from passing on the sides. Remove as soon as the event is completed. Barricades and setup must be *Manual on Uniform Traffic Control Devices (MUTCD) compliant*. Refer to http://mutcd.fhwa.dot.gov/htm/2009r1r2/part6/part6_toc.htm for more information on Temporary Traffic Control.

City of Centennial Block Party and Special Event Permit Typical Traffic Control Setup - 2

Place the Type III Barricades at the ends of the event area as specified in the permit request. Road widths greater than 30 feet shall be supplemented with Type II Barricades on either side of the Type III Barricades to prevent vehicles from passing on the sides. Remove as soon as the event is completed. Barricades and setup must be *Manual on Uniform Traffic Control Devices (MUTCD)* compliant.
